

Mission Statement for Morgan Mill Independent School District

Morgan Mill Independent School District (MMISD) will recruit and retain highly qualified and certified professionals.

MMISD will have a staff development program that prepares our faculty and staff to meet the educational and emotional needs of our students.

MMISD will have a safe and drug free school environment.

MMISD will have an effective, integrated technology system for management, communication, and classroom instruction that is appropriate for our district.

MMISD will communicate the need for and will support parents and community members being involved with students and the education process.

MMISD will use a curriculum that meets the educational needs of each individual student while achieving the highest state and national academic standards.

MMISD will strive to meet the emotional needs of our students, both inside and outside the classroom.

MMISD will provide facilities that are safe, well maintained, and met the needs of students, faculty, and the community.
